## PERCEPTION *Digital Art Exhibition*

Beaux Arts Gallery, 16 Queen Street East, Downtown Brampton

### About the Show:

Art, like all human pursuits, evolves with the people who pursue it. From finger paintings of a child to a master's still life drawings. We advance with our understanding of the world as reflected in the art we create and so we embark toward embracing Digital art: the technique of painting with pixels of light, as one of the newer forms of the ever evolving human need to understand and expand our world of creativity!

Beaux Arts seeks to explore the creations behind this newest practice in our PERCEPTION Digital Art Exhibition and asks artists to submit art works that embody the pursuit of this contemporary artistic perception!
